<i>Ingestion</i>	Non-toxic. If ingestion of a large amount does occur, call a poison control center immediately. Do not induce vomiting without medical advice. Clean mouth with water and drink afterwards plenty of water.
<i>Inhalation</i>	None required under normal conditions. Remove exposed person to fresh air if adverse effects, such as breathing difficulty arise. Get medical attention if symptoms persist.
<i>Skin contact</i>	Wash affected area with mild soap and water. Remove contaminated clothing. Get medical attention if irritation develops and persists.
<i>Eye contact</i>	Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Get medical attention if irritation develops and persists.

#### Most important symptoms and effects, both acute and delayed

Product should be non-toxic when used as intended.

#### Indication of any immediate medical attention and special treatment needed

This product is generally non-toxic, but may create a nuisance dust or cause mechanical irritation of the eyes. Consult a physician if you feel any ill effects after use.

useful in cooling equipment exposed to heat and flame.

### SECTION 6. ACCIDENTAL RELEASE MEASURES

**Personal precautions, protective equipment and emergency procedures**

**Environmental precautions**      Wear gloves and eye protection when cleaning up spills since product may cause temporary skin staining or mechanical irritation of the eyes.  
 Do not allow material to contaminate ground water system. Remove as much solid as possible, such as by sweeping. Wash area of spill with large amounts of water. Avoid loose product on floor in damp areas, as it may become slippery with the addition of water.

**Methods and material for containment and cleaning up**  
 Ventilate the area. Remove all sources of ignition. Prevent further leakage or spillage if safe to do so. Use only non-sparking tools and equipment in the clean-up process. Contain and absorb spilled liquid with non-combustible, inert absorbent material (e.g. sand), then place absorbent material into a container for later disposal (see Section 13).

**Special spill response procedures**  
 None known.

### SECTION 7. HANDLING AND STORAGE

**Precautions for safe handling**      Use with adequate ventilation. Avoid breathing dust. Keep away from heat, flame, sparks, or ignition sources. Wash thoroughly after handling. Wear gloves to protect from temporary skin staining.

**Conditions for safe storage**      Store in a cool, dry place out of direct sunlight. Provide adequate ventilation. Clean up any dust spills around container. Do not contaminate water, food or feed by storage or disposal.

**Incompatible materials**      None known or reported by the manufacturer.
